THE WINE LIST

Our extensive, primarily Victorian small producer, wine list, is curated with a focus on wines that reflect a sense of place & with producers who, where possible, use minimal intervention, bi-dynamic, sustainable and organic practises.

Alongside some easy drinking wines, we've got some funky & wild wines. Our selection is in constant evolution, experimenting with a variety of styles & winemakers of the more playful to the more classical, forever balancing the 'interesting' with the 'slurpable'.

We are proud to offer a selection of special release wines and last bottle runs from some incredible winemakers for those looking for a bit 'extra'. You will find these wines at the beginning of our list.

An unashamed emphasis on wines we love to drink ourselves.

LARGE FORMAT (1.5L)

'23 Scion Durif Rosé Rutherglen, VIC 110
Made from early-season, handpicked Durif. Wild fermented. Dry, delicate, savoury

'19 Campbells Wines 'Bobbie Burns' Shiraz Rutherglen, VIC 120
The favourable 2017/18 growing season produced a Bobbie Burns Shiraz with incredible depth and concentration of fruit flavours. After fermentation on skins for seven to ten days using closed fermenters, the wine was subsequently aged for a period of 18 months in a mixture of new to three-year-old premium French and American barrels. This wine is full bodied with powerful characters of dark berries and ripe plum fruit, beautifully balanced with layers of fine, dry tannin and complementary notes of liquorice, ironstone and spice.

SPECIAL WINES | LAST BOTTLES

WHITES

'22 Savaterre Chardonnay Beechworth, VIC 170
"I do not know where to start with this wine. It is such a complete and complex tapestry of aromas, flavours and texture. It's the rare combination of power and amplitude combined with elegance, freshness, precision and tension. The aroma distracts you from your everyday thoughts. It grabs you and keeps your attention. A subtle flint framing ethereal aromas of ripe grapefruit, curry leaf, preserved lemon, ginger, stone fruit, allspice and fennel. Once tasted I am transported. This is a wine that takes you on a journey of power balanced with finesse, complexity and extraordinary length. Constantly evolving and changing. Beautifully defined by its markedly tensing acidity and length. Prodigious from the word go". Keppell Smith

'25 Sorrenberg Sauvignon Blanc Semillon Beechworth, VIC 110
This wine comprises 75% Sauvignon Blanc, 20% Semillon and 5% Sauvignon Gris. Most of the Sauvignon Blanc fruit had 4 hours skin contact prior to pressing. The Semillon component is crushed and pressed immediately after picking. This wine was 100% barrel fermented with predominantly larger barrels used. All went through natural yeast fermentation and malolactic fermentation. The extended lees contact helps fill out the middle palate and gives this wine the extra dimension it is known for. The nose of the 2025 Sauvignon Blanc/ Semillon shows citrus and stonefruit overtones with a hint of herbaceousness. This follows through to the palate combining with balanced texture and refined acidity, creating length and definition with a lingering finish.

'17 Brash Higgins 'BLOOM' McLaren Vale, SA 150
The 2017 BLOOM is a slowly aged Chardonnay made in a style inspired by the "sous voile", or "under-the-veil", oxidative methods found in France's Jura and Burgundy region. Chardonnay from the sandy Blewitt Springs sub-region has been matured for seven years in selected white Burgundy barrels (7), periodically adding some fresh white wine to feed the 'flor' (flower) or (veil) growing as a natural, healthy protective barrier of yeast on the wine's surface. No topping was done during this final ageing period. The wine is aged in a steel tank for an additional 6 months in a cold cellar before bottling in winter.

'08 Darling Estate Riesling King Valley, VIC 105
The buttery notes are rich, fat and warm. With ageing also comes softening of acidity, with the mouthfeel becoming more luscious, silky and balanced. The mid palate length of flavour is incredibly generous, filling the palate with delightful mixed citrus and a wonderful back palate toastiness. There is also the expected pronounced kerosine characters. This a cracker wine and has developed into a bit of a gem

REDS

'24 Jasper Hill 'Georgia's Paddock' Shiraz Heathcote, VIC 135

Georgia's Paddock contains twelve hectares of Shiraz resulting in an average yield of about three tonnes per hectare. Planted on its own roots in 1975/76 on basaltic rock from the Cambrian period at an altitude of 320 meters. The dry-grown vines here have to rely on natural rainfall only, producing fruit with the immense concentration that the winery is known for.

Magnificent depth of colour featuring a saturated inky black heart along with a near equally deep black dark red hue. Wafting through the nostrils with great authority are aromas of ripe blackberry, liquorice and dark plum followed by spicy vanillin cedar, fennel and peppered earth notes. Bold, rich and sumptuous, the sizeable palate manages to retain remarkable underlying freshness. Opulent blackberry, liquorice, dark plum and ripe blueberry fruits engage every corner of the mouth, showing outstanding concentration and drive. Spicy vanillin cedar, subtle scorched earth, fennel and pepper elements the undercard. Firmly built yet perfectly integrated tannin structure. Concludes exceptionally long and energetic with lashings of ripe fruit.

'21 Yarra Yering Agincourt Cabernet Malbec Yarra Valley, VIC 145

Fruit was sourced from the Agincourt block of Cabernet Sauvignon planted in 1995 and Malbec planted in 1990. The Agincourt block is one of the more sheltered blocks and the Cabernet clone is highly aromatic and lifted. Hand harvested, the Cabernet is berry sorted and the Malbec is bunch sorted. The Cabernet is destemmed, berry sorted and then crushed into the half-tonne open fermenters. A small amount of Cabernet (5%) was whole bunch fermented to bring extra lift and perfume to the wine. Malbec is destemmed to the small fermenters and hand plunged twice daily. Maturation in French Bordeaux shaped barrels; only 15% new oak to enhance the juicy fruit palate and immediate enjoyment. Blending immediately before bottling. Cabernet Sauvignon 80%, Malbec 20%.

'22 Savaterra 'Reserve' Pinot Noir Beechworth, VIC 170

"This is a delicious, juicy, fragrant wine. Lifted aroma of dewy rose petal, sour cherry, pomegranate, raspberry and ripe red berry fruits, exotic spices with a subtle gamey truffle finish. Pure, focused and precise with great length, texture and persistence. An elegant wine of depth, complexity and finesse". Keppell Smith

'21 Joshua Cooper Wines 'Balgownie Old Vines' Cabernet Bendigo, VIC 115

Deep, dark garnet. A wine which immediately makes one sit up and focus. Incredibly refined and complex with iron, sweet cassis, cedar spice, violet and rose, air reveals infinite nuance and detail. The palate is flooded with wave upon wave of Cabernet fruit, braced by a strict but not overbearing tannic structure, finishing with sweet violet and cassis.

'24 Sorrenberg Gamay Beechworth, VIC 115

The style of Gamay is produced using a combination of traditional Gamay techniques. There is 10% Pinot Noir used in the blend. Half of the Gamay was cold macerated where the fruit is picked cold, crushed and left to soak for 4 days before fermentation starts. Of the rest, 20% of the fruit is left whole in the ferment. Fermentation with natural yeast is for 2 weeks on skins, after which the wine is pressed and matured in oak for eleven months.

The bouquet of the 2024 Gamay shows cherry and plum with some earthy undertones. The aromas follow onto the palate combining with integrated acid and refined tannins which create a very well-balanced wine, finishing with great length.

'23 Eastern Peak 'Intrinsic' Pinot Noir Coghills Creek, VIC 130

Intrinsic Pinot Noir, the pulse of Eastern Peak! It's a single vineyard wine produce year on year. All original MV6 clone grown on well looked after Volcanic grey loam soils over weathered basalt sitting at 430m alt, thoughtfully farmed with strict organic practices & a mix of regenerative agriculture inputs such as rotating cover crops to help with keeping our soils in such pristine condition, flowering was very good considering how extreme the weather was during season 2023.

Blocks harvested from the 7th - 13rd of April, all destemmed into 3000L concrete fermenters, spontaneous fermentation via indigenous yeasts, pump overs once a day, vats are all basket pressed individually, blocks kept separate & transferred into 228L barriques of various French coopers (30% new), topped monthly, sulphur added post malo in November, racked from barrels in late march 2024 to stainless tank where its left to enjoy another full winter to gain complexity & naturally settle prior to bottling, no fining or filtering.

This wine is drinking exceptionally well right now
